

# Mini Cap™

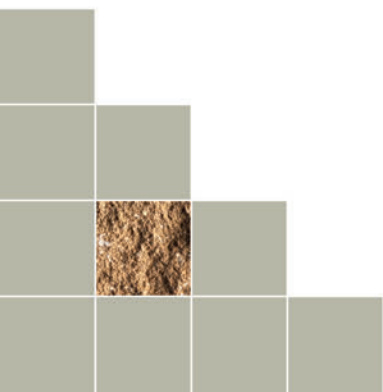

Mini Cap, with its shorter profile, unique chamfered and double sided, split-faces make it an attractive finish to smaller retaining walls, tree rings, and raised garden planters. Its light weight makes Mini Cap easy to handle so installation is quick & easy and the angled side practically eliminates cutting when capping radius walls.

## The Advantages of the Rockwood Mini Cap...

Mini Cap's unique shape and small size practically eliminates block cutting. The 90° / 83° angle design gives Mini Cap the ability to cap even the most challenging radius wall with little or no cutting.

Made from high quality materials, Mini Cap's two sided design adds the perfect, lasting touch to any garden wall design.
