Only Symetry offers the classic style seen in paving styles around the world. From the classic Venetian Parquet to the contemporary Embassy Row, you will find a pattern to complement your outdoor space. For added impact, choose a contrasting Plazastone color to make a vivid statement.

## SPECIFICATIONS

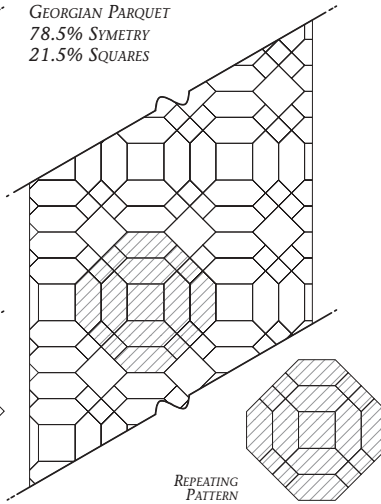

Symetry is produced using a “no-slump” concrete mix, made under extreme pressure and high frequency vibrations. Unit pavers will meet or exceed the requirements established in the ASTM C936 (standard specification for interlocking concrete paving units). Requirements of this standard include an average compressive strength of 8,000 psi, average absorption no greater than 5%.
